To Our Community,

The 1st Annual Assumption School Spring Dig Charity Volleyball Tournament was created with one goal in mind — bringing people together through the power of sports to make a meaningful difference in the lives of others.

On May 30, 2026, student-athletes, coaches, families, and supporters from across our community will come together at St. Elizabeth University for a day centered around competition, teamwork, service, and compassion. In partnership with Saint Elizabeth University, this inaugural event represents more than just volleyball. It represents what can happen when schools and communities unite behind a greater purpose.

This year's tournament proudly supports The Valerie Fund, an organization dedicated to providing care, support, and hope to children with cancer and blood disorders, as well as their families. Their work has impacted countless lives throughout our region, and we are honored to support their mission through this event.

At Assumption School, we believe athletics help shape character just as much as they build skill. Sports teach our young athletes resilience, leadership, discipline, teamwork, and the importance of serving something larger than themselves. The Spring Dig was built upon those values.

Our hope is that this tournament becomes an annual tradition that continues to unite schools, families, and athletes around a shared commitment to community and compassion. Every serve, dig, rally, and point played throughout the day represents a collective effort to support children and families who need it most.

We would like to sincerely thank Saint Elizabeth University, The Valerie Fund, participating schools, coaches, athletes, families, volunteers, and sponsors for helping make this event possible. Your support, generosity, and belief in this mission are what will make the 1st Annual Assumption School Spring Dig Charity Volleyball Tournament truly special.

With gratitude,

Roy Zamora
