

## *New Diagnosis Guide*

## *Slide Set*

*is Now Available*

*in English, Spanish*

*& French!*

### Bleeding and Feeling Very Tired

Table of Contents

Call if your child has any of these symptoms:

- Very tired
- Pale
- Dizzy
- Bad headache
- Bruising
- Small red dots on skin
- Bleeding from the nose, gums, or around the central venous line

Call **immediately** for bleeding that does not stop within 5-10 minutes

### Precautions During Treatment

Table of Contents

Brush teeth regularly

Call if exposed to chicken pox (varicella)

Talk to your health care team about vaccines

### WHAT IS THE NEW DIAGNOSIS GUIDE TEACHING SLIDE SET?

It is a teaching tool, developed by the **Children's Oncology Group** to educate patients and families at the time of a new cancer diagnosis. It can be used as a slideshow on a tablet or computer, or as a flip chart.

### CAN I ADD MY HOSPITAL INFORMATION?

Yes, you can update the slides with hospital-specific information (e.g. fever guidelines, contact numbers), and you can add additional slides as needed.

### HOW DO I GET THE SLIDE SET?

Download the slide set for **FREE** from:
